

EXECUTIVE SUMMARY

On November 9, 2005 the Division for Air Quality received an application from Toyodabo Manufacturing Kentucky, LLC, to construct an adhesive spray booth and for the operation of an automotive headliner and interior door panel manufacturing facility in Lebanon, Kentucky. The application was processed under Activity ID number APE20050001 and was deemed complete on November 16, 2005.

The issuance of a Federally Enforceable State Operating Permit (FESOP) requires a preliminary determination and public notice. The Division has done this. An advertisement was placed in The Lebanon Enterprise of Lebanon, Kentucky on February 8, 2005. The thirty-day comment period has expired with no comments received.

In conclusion, a thorough analysis has been made of all relevant information available, which pertains to this application. The Division has concluded that compliance with the permit will assure compliance with all air quality regulations and requirements.
